### Organic Wine & Cava

Organic wines are the new superstars of the wine world, and for the first time these pioneering wine makers open their doors for you. This VIP experience offers guests an intimate and authentic look into the philosophies, challenges and pleasures behind this delicious movement. With this tour you will have the opportunity to visit two reference cellars of Penedès, where they show respect and sensitivity for the environment as much as for the wines they produce.

The tour will begin in the morning with a visit to one of Spain's leading organic wine producers since 1979. The family has been making wine at the Can Vendrell estate for four generations. They are currently undergoing an important renovation of the cellar with the recent construction of the new Xapallà cellar and the reintroduction of a number of experimental grape varieties. This 3 hour visit consists of a brief introduction to the company and its philosophy, a tour of both the old and new cellars and a guided tasting of the cellar's wines.

Next, you will indulge in a gourmet lunch at a restaurant surrounded by natural beauty with an exceptional view of Montserrat and the Penedès valley. The restaurant offers fresh market, Catalan cuisine typical of this area. For lunch you will enjoy a wonderful gourmet, 8 dishes meal paired with wines.

The afternoon consists of a guided visit and tasting of a cellar that has recently attained the greatest acknowledgement for Cava. Their range of wines reflects the dual personality of a winery attuned with both dyed-in-the-wool traditionalism and the most daring avant-garde. Its cavas are faithfully traditional.
